

Southern Valley County Recreation District

Cascade Aquatic and Recreation Center Lifetime Family Membership Information

A Lifetime Family Membership will be a full facility family membership which will begin with the Cascade Aquatic and Recreation Center official grand opening. This \$5000 Lifetime Family Membership is available to all residents of the SVCRD and also to non-residents.

Lifetime Family Memberships are designated as two adults and up to 4 dependent or blood related children under the age of 19. All family members must be named and approved at the time of purchase and cannot be transferred or modified. Children at age 19 will drop off the family membership and must purchase individual memberships at the current rate at that time. The two original adults will retain membership privileges for life.

The purpose of the Lifetime Family Membership is to generate additional funds for timely construction of the Cascade Aquatic and Recreation Center.

This is an advance payment for a future membership and may not be tax deductible. Please consult with your tax professional for advice.

All Lifetime Members will have special notice of SVCRD construction related special events.
